"Refuge Ministries Canada's passion for souls, and desire for ministry are very evident in his persona and presentations. They have worked successfully in helping our congregation focus on ministry opportunities in a local young offender facility. Refuge Ministries Canada was also very helpful, succinct, and successful in training our volunteers and giving adequate direction.

I have found Alan to be a person of integrity, warmth, kindness, and very cooperative. We have enjoyed our connections with this excellent man and admired greatly his vision and enthusiasm. We wholeheartedly support Alan and Refuge Ministries Canada."
